Re: Appointment of Advocate for Science Students' Society

Dear Chairperson,

I would like to formally accept the submission for my nomination as an advocate of the student organisation Science Students' Society also known as Scubed. I would like to personally thank you for my nomination for this role and would like to let you know that I am humbled at the fact that I have been nominated for such. Having been in your position for many years I can deeply understand the situations and challenges student organisations face on a daily basis and believe that I can provide you with the needed consultation and guidance. I can confirm my availability and commitment towards the organization and further confirm that we will operate on an hourly rate and/or fee that will be agreed upon by the executive committee prior to any consultation or court litigation.

Further to this, if the Annual General Meeting approves my nomination, I would like to invite the elected executive committee to my office for an initial formal meeting to create a framework for the coming year.

Thanks & Regards,

Dr. Stefan Balzan
