Please attach the motion you wish to propose to this form.

All students filling this proposal form should be science students, as stated in Article 3.1 of the statute:

“Students duly registered at the Faculty of Science at the University of Malta as a student and recognised as such by the University Authorities are recognized by S-Cubed as a science students.”

We would like to nominate Jean Paul Formosa for S-Cubed Student Recognition, as according to article 3.3 of the statute. Jean Paul is the first Master's student in years to be part of the S-Cubed Executive Board. He joined the board after 4 years of involvement in various subcommittees, starting from the filming of S-Cubed's 10th Anniversary video when he was still in 6th Form. He was very active in the media and science communication subcommittees.

This year, Jean was in charge of implementing the new branding for the organisation, and produced a number of very good quality posters, photographs and videos. He was also the one to introduce animated GIFs to help promote the organisation's events, setting a trend for other student organisations.
