Signature: Dean

Seconded by: Romario Cortes

Course: BSc Statistics & Computer Science

ID Card Number: 10355M

Signature: Romario Cortes

Please attach the motion you wish to propose to this form.

All students filling this proposal form should be science students, as stated in Article 3.1 of the statute:

“Students duly registered at the Faculty of Science at the University of Malta as a student and recognised as such by the University Authorities are recognized by S-Cubed as a science students.”

We would like to nominate Simon Agius for S-Cubed's Student Recognition System, according to article 3.3 of the statute.

Simon Agius has been an Executive Board member for the past two years. He started out as a Leisure Officer and was later entrusted with the roles of Financial Controller and President. Simon always sought to strengthen the organization and find ways to unite all the Faculty's departments through S-Cubed.

During his year as President, the society introduced two educational trips abroad and it increased its focus on educational initiatives (with 10 site visits and events such as the Maths Streams Seminar, one of Simon's initiatives). The organisation saw a rebranding and restarted the InTouch Magazine. Leisure events remained top-notch, the peak being the Science100 Reception, celebrating the Faculty's centenary! It was overall a very successful year, and the first one in years in which there were no resignations!
