

## **Proposal for S-Cubed 2019-2020**

### **Environmental Officer**

R-Cubed will become a branch of the organisation which is to be taken care of by a new member of the executive, Environmental Officer appointed by the executive during the AGM.

Furthermore, R-Cubed will be composed of its own subcommittee which will be open for all students , currently reading for a degree at the University of Malta. Reasons why such a program should be open to all students including non-science students include:

- More reach for the organisation
- More reach for the program
- Enhances awareness
- Follows the specific aims of the society in relation section 2.2.4 “To encourage the development of an environment more conducive to the advancement of science.”
