

Dear executive board members,

I regret to inform you that I am handing in my resignation from the position of S-Cubed's Media Officer for the term 2018/2019. The reason for this decision being that I am taking on a new course that is not in the Faculty of Science, thus I cannot pursue my work for this organisation representing science students. This was not an easy decision to take since I believe in the work that is carried out by the organisation but I feel as if I would not be able to give my utmost towards the work being carried out. In the few months I have joined S-Cubed, the organisation has given me many opportunities and also helped me grow on a personal level and for that I am forever grateful. I would like to thank this term's executive teams for an incredible experience. I will surely miss being part of the team and I hope I will still be able to give a helping hand whenever needed. I truly wish you the best of luck for the year ahead.

Sincerely, Andrea Baluci
