

13/09/2016

Dear executive board members,

I regret to inform you that I am handing in my resignation from the position of S-Cubed's Financial Controller for the term 2016/2017. The reason for this decision being that I am taking on a new course not in the Faculty of Science, thus I cannot pursue my work for this organisation representing science students.

This was not an easy decision to take since I have been involved in S-Cubed for quite some time now. As soon as I started university two years ago, members from S-Cubed's executive at the time were some of the first people I got to know. I then was interested in being part of the subcommittee within the organisation which then led me to wanting to join the executive team in the following term. I enjoyed being part of S-Cubed hence my decision to continue contributing to the organisation back last May, after already being on the executive board for last year's term.

S-Cubed has given me many opportunities and also helped me grow on a personal level and for that I am forever grateful. I would like to thank the past and this term's executive teams for an incredible experience. I will surely miss being part of the team and I hope I will still be able to give a helping hand whenever needed.

I truly wish you the best of luck for the year ahead.

Sincerely,

Rebecca Bezzina
