

Motivational Speech

Stephen Vella:

After a fantastic year in S-Cubed as Activities Coordinator, I still think I have a lot more to give to this ever-growing organization. This is why I am yet again applying to form part of the executive team. Last year was a great experience which has taught me a lot and helped me develop as an active member of a team. Thanks to the hard work and us working as a team, this year S-Cubed has seen a substantial increase in people attending events. Nevertheless, we still have a long way to go to make our vision of S-Cubed a reality. I am ready to give my all for this organization and I am ready to work hard to involve each and every science student and make S-Cubed relevant for everyone. I will fully commit myself and I will do my utmost to help S-Cubed reach new goals.

With your support, I truly believe I can make a difference.
